

## **POSITION ANNOUNCEMENT**

Carbon County Weed and Pest Control District Board of Directors is seeking a full-time employee for the position of “Assistant Supervisor”. This will be an exempt, at-will, full-time position with District benefits including health insurance and retirement plans. This position is salaried, starting in the range of \$38,000 - \$40,000 per year, depending on qualifications.

**Position Requirements:** A Bachelor of Science Degree in Weed Science, Crop Science, Range Management, Entomology or closely related field or equivalent work related experience in the field of Weed and Pest Management.

**Personal Requirements:** Applicant must be able to communicate with area landowners, federal, state, county and local agencies. Applicant must be motivated with a strong work ethic. Enthusiasm for early detection/rapid response of weeds is essential. Applicant should be comfortable with map reading and familiar with GPS/GIS technology. Applicant needs to present a professional attitude.

**Job Description:** The individual will become part of a team whose mission is to carry out an effective weed control program for Carbon County. Because of the type of work required, employee must be flexible and willing to work long hours during the peak summer season. The employee will be responsible for technical assistance to Coordinated Resource Management (CRM) groups, grant writing, seasonal crew supervision, and coordination and presenting educational presentations throughout the county. The position may include extensive hiking with a backpack sprayer and spraying with other types of spray equipment. Weed and plant identification skills are also essential.

**Application Deadline: open until filled**
