

WYOMING CERTIFICATION OF INSPECTION

_____ County Weed and Pest Control District. 307-_____-_____

This certifies that the gravel pit described herein, has been inspected according to the GYCC/NAWMA certification standards. The objective of the program is to help prevent and slow the speed of the Designated Noxious Weeds by providing gravel/borrow material that is free* of the potential for transport and dispersal of listed weed species.

Operator_____ Phone:_____-_____-_____

Address_____ City_____ State____ Zip_____

Pit Description_____ Acres inspected_____

Level of certification:

A.____ Exceeds requirements of the GYCC/NAWMA certification standards and contains only the specified product with **no** plants noted.

B.____ Meets requirements of the GYCC/NAWMA certification standards. This material contains variable amounts of annual weeds and/or other weeds **not listed** as prohibited or noxious.
(Weeds noted):_____

C.____ Complies with MINIMUM requirements of the GYCC/NAWMA certification standards. This product contains variable amounts of prohibited or noxious weed species which were immature, (no viable seed) when treated to prevent seed formation. These plant parts, although not usually desirable in the product, are not considered able to begin new infestations.
(Weeds noted):_____

Additional comments:_____

REQUIREMENTS

Gravel/borrow material must be certified to the GYCC/NAMWA certification standards and inspected by proper officials. Inspection shall include, but not limited to, surrounding ditches, top soil piles, gravel/sand piles, fence rows, roads, easement, rights-of-way, working areas, storage areas and a buffer zone surrounding the area.

Certification shall be based on a reasonable and prudent visual inspection. This document shall terminates on date:_____/_____/_____.

Certified by:_____ Title_____

*Disclaimer: Certified product may have viable seeds from previous years. Plants seeds can't be killed by registered pesticides. Certification shall be a prudent and visual inspection for that year (s) certification for this pit. Previous years may have had seed drop that can still be viable. This is a buyer beware program.
